

Paint A Perfect Picture

- AIM:** To work as a team to recreate or re-interpret a well known masterpiece.
- FORMAT:** Working in small teams, the group is given access to all the tools and equipment they need to recreate a masterpiece. Each team will work on a separate part of the painting, which is divided up into a grid. The session will start with an exercise focusing on communication using cartoons and small images to develop the required skills. This is followed by a brief introduction by a professional artist and tuition in using a range of painting media. Teams have to use artistic and creative skills to produce their part of the painting, as well as communicating and negotiating with the other teams to put the finished product together. At the end of the session the painting will be displayed. The completed masterpiece will be professionally finished and shipped to your offices for everyone to admire.
